

# MILOR HIGH SCHOOL

## PBIS ANNUAL SUMMARY

### How are we implementing PBIS at our school?

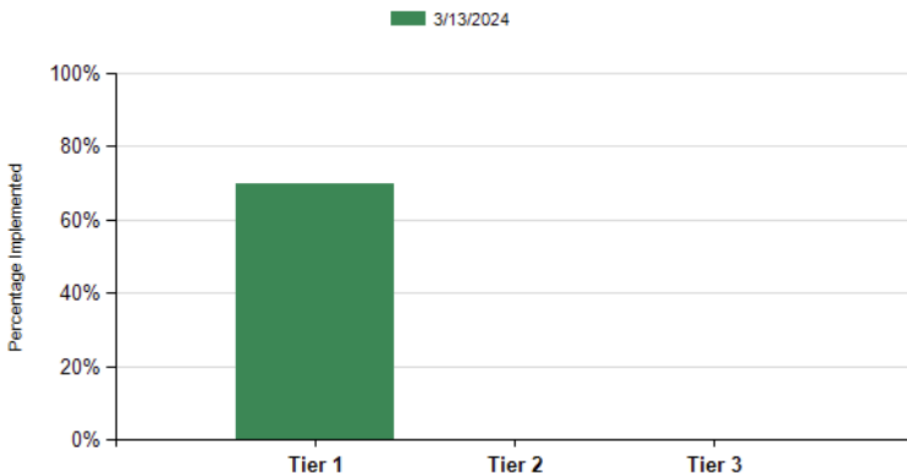

The 2023-2024 Tiered Fidelity Inventory (our PBIS assessment) indicates we were implementing Tier I with fidelity at 70%. Within the core features, we were below benchmark in Implementation and Evaluation. However, we were at 100% in Teams.

School-Wide PBIS (SWPBIS) Tiered Fidelity Inventory  
Milor Continuation High School

**3/13/2024**

Date Completed	Tier 1	Tier 2	Tier 3
3/13/2024	70%	NA	NA

**What is our discipline referral rate?**

2023-2024 10% of students received 1 ODR 4% received 2-6 ODRs and 0 received 6+ ODRs. 86% of students did not receive a ODR at all!

This year 2024-2025 so far 6% of students received 1 ODR, 1% received 2-6 ODRs and 0 received 6+ ODRs. 93% of students did not receive a ODR at all!

ODR= Office Discipline Referral per U-RUSD 213

**How is our attendance?**

**Last Year: 75.95% This Year (to date): 81.77%**

With the implementation of our PBIS Tier I action plan and additional support offered on campus, our attendance has improved. We are continuing to create and implement interventions to improve attendance.

**What is our action plan for the next school year?**

After reviewing our behavioral data and survey results, we have the following goals

1. Give students the SEL student survey four times per year instead of two. Because we have a larger turnover of students, we want to be able to survey the same students twice to see if our action plan is achieving the desired results.

2. We will add another student and family member of a student to our Tier I team.

## **Annual Summary - Tier II**

We are in the process of implementing our Tier II Interventions with an updated documentation process this year (2024-2025). By next year we plan to have completed the implementation and ensure full compliance with PBIS Tier II features.
