

Introduction to ParentVue

Rialto Unified School District Student/Parent Web Portal

Synergy ParentVue

Synergy is the Student Information System or database that is used to gather and process student information.

ParentVue is the web portal used by parents to access and update student information within the database. StudentVue is the student version of the web portal.

Some key features include tracking attendance, assignments, grades, test scores, online registration verification and communication with teachers and school staff.

Getting access to ParentVue

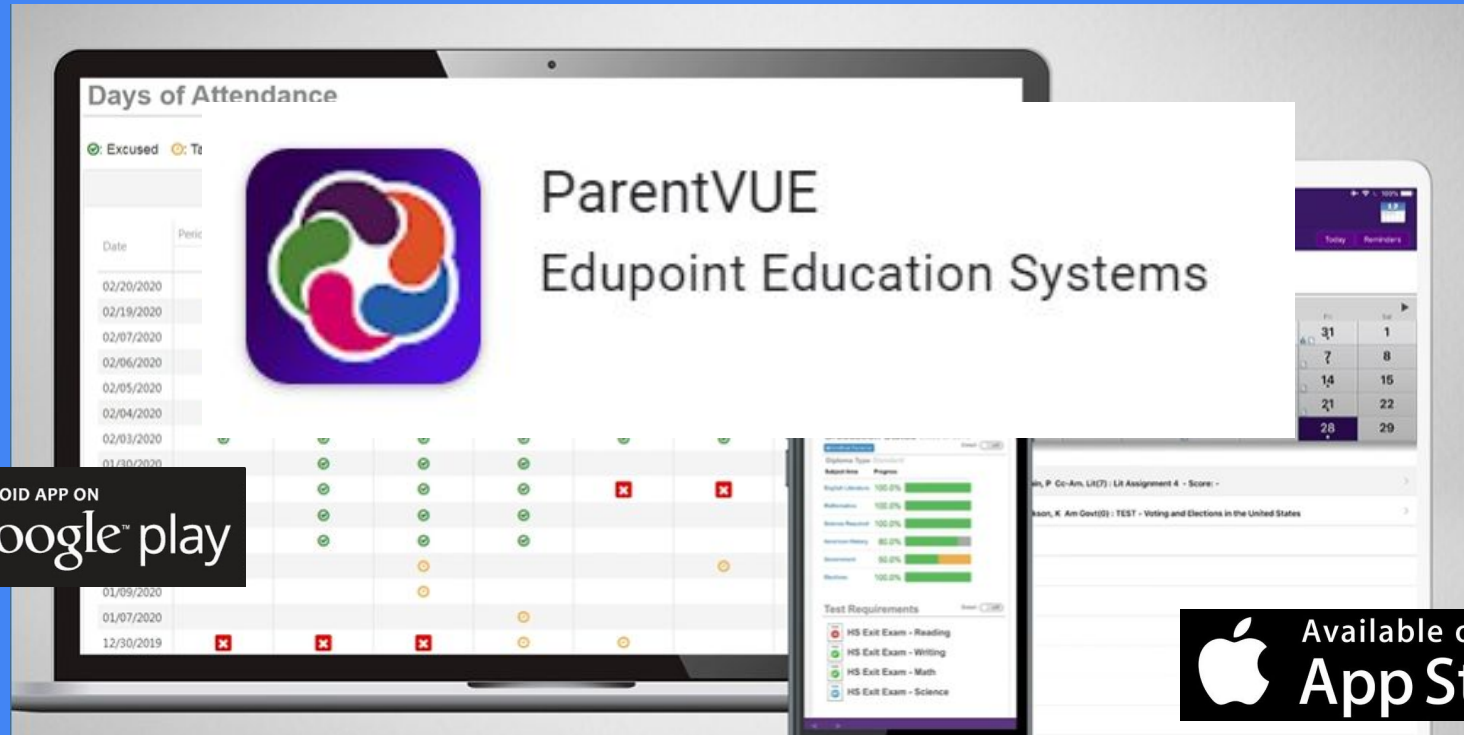

Parents are able to create an account by obtaining an Activation Key. You will need a valid email address to register. Once you log in, you will be able to see all your information already in the database for each of your students.

ParentVue Activation Key is available:

- School Office Secretary or Clerk
- Registration Center when you first enroll students in the district
- With the online registration letter if you don't already have an account.

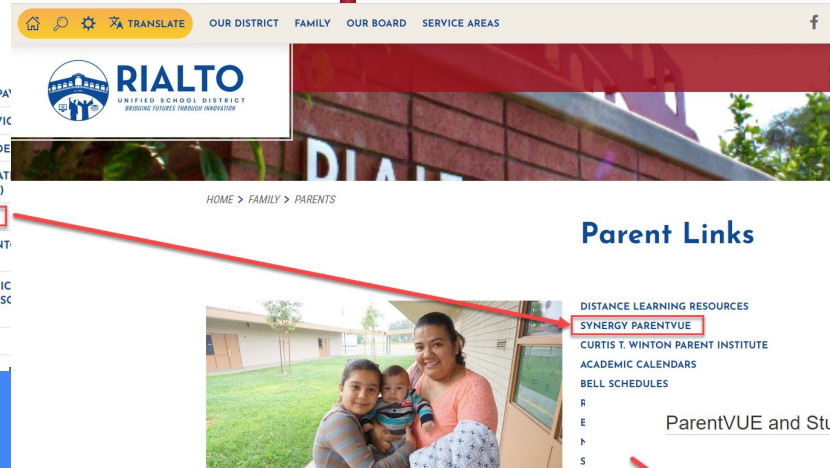

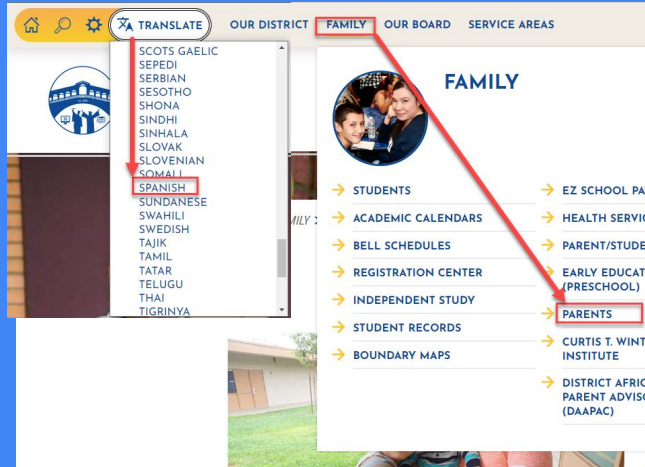

ParentVue Web Portal Available

Website iPad Mobile Apps Android iOS

ParentVue Login

District Website <https://kec.rialto.k12.ca.us/>

ParentVue and StudentVue Access

Navigating Website Portal

Parents can see their student information. If more than one student, you can navigate between each profile. Each student will have their information within their own section. You can change between each student by clicking the arrow next to the student tile.
