Textbook Policies:

Each one of your textbooks has been assigned specifically to YOU and you are now responsible for them until the end of the school year when they are returned. These textbooks are to be kept at home during the school year and returned to the school library in May. If any textbook is returned damaged then a fine will be assessed.

Here are some helpful suggestions to make sure your textbooks are kept in good condition during the year:

1. Make sure to write your full name (in pen) on the inside front cover of each book.
2. Keep your textbooks away from pets.
3. Keep food and liquids away from your textbooks.

****Any damage should be reported to the library staff within the first two weeks of school starting.****

Replacement costs for textbooks:
