

W.A. CARTER HIGH

STUDENT IMPACT

As a result of the newly established protocols for a safe re-opening, the daily student ingress, egress, and routines have been updated to align with COVID-19 health standards.

2021-2022

CHS COLLABORATION

Carter High School will implement COVID-19 safeguards and procedures during the 2021-2022 academic school year to establish a welcoming and emotionally safe environment on campus.

In our efforts to return and cultivate rich learning experiences within a safe learning environment for all students, we need the direct collaboration of every staff member on campus. Hence, everyone on campus has a vital role in our success. Please help us by:

- Developing a school culture that promotes COVID-19 prevention strategies
- Use a progressive approach to educate our students on our expectations about consistent and correct mask use
- Teachers and students work together to ensure desks and chairs are sanitized
- Ushering our students into their classrooms, greet them at the door, and most importantly, make them feel welcome and safe.

We appreciate your patience and understanding with these changes for a safe return to school. Because this information is constantly changing, we will be monitoring all updated information from the World Health Organization, Centers for Disease Control, County Health Department, the RUSD Board of Education, and District Administrative Staff.

A FULL COPY OF THE RUSD RE-OPENING PLAN CAN BE FOUND ON THE DISTRICT'S WEBPAGE

Phone : (909) 854-4100

Website: kec.rialto.k12.ca.us/chs

Address: 2630 N. Linden Ave., Rialto, CA. 92377

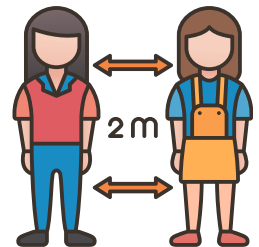

MORNING ARRIVAL

Student entrance to campus will be at the following two locations: South east gym doors & Maple Ave. pedestrian gate. Temperature checks will be conducted at the above locations. These entry points will open at 6:50 am. Until such time, students will remain in front of the campus, between the Performing Arts Building and Gym and will be supervised by the members of the Administrative Team and Campus Safety Officers on duty.

WHILE ON CAMPUS

Students will be provided the following:

- A grab and go breakfast
- Handwashing stations at various campus locations
- Additional seating and trash receptacles
- Visible COVID-19 safety reminders
- CHS staff providing safety reminders for social distancing
- Increased designated eating space

BETWEEN CLASSES

Direct teacher supervision at the classroom door and social distancing reminders will be conducted before, during, and after each passing period.

DURING CLASS

Daily safety procedures and protocols will be implemented by teachers:

- Use of various Google Suite tools to limit collection of paper from students
- Excessive movement or grouping inside the classroom during daily instruction will be limited
- Use of virtual instructional software when possible, including the students' one-to-one computer devices

LUNCH TIME

Access beyond the previously identified out-of-bound areas on campus to accommodate for the additional space needed for social distancing. Additionally, students will have access to the following resources during lunch:

- Free grab and go lunch
- Multiple seating areas (SPACE)
- Adult support in the quad to remind students to social distance
- Handwashing stations
- Additional trash receptacles
- COVID-19 safety procedure signage

AFTER SCHOOL

Students will exit the campus from the main campus gates or the Maple pedestrian gate at the end of the school day. Additional gates will remain open to assist with the large numbers of students exiting the campus.
