

# March Art Newsletter

---

To kick off the month of March, we will be studying the impressionistic work of Edgar Degas! Students will create “action drawings” or drawings of people in the middle of a movement! After Spring Break, we will learn about another Impressionist, Pierre Renoir! Renoir was famous for capturing shadows and lighting in his artwork! Perhaps most impressive are his paintings of reflections in lakes...which is exactly what we will be drawing! We'll also practice Renoir's technique of layering colors using crayons!

---

## Key Elements & Principles

**TK-1:** Lines, Light & Dark, Color Shades

**2-3:** Warm Colors, Texture, Value, Depth, Perspective

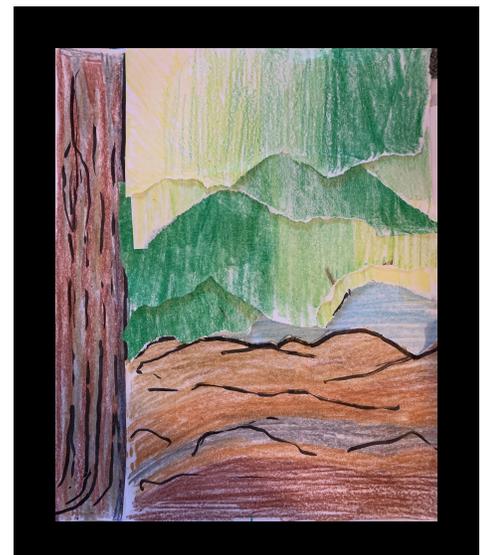

**4-5:** Value, Depth, Perspective  
Texture, Unity
