

May Art Newsletter

We have quite the GRAND FINALE as we near the end of the school year! We will learn about famous illustrator Beatrix Potter, and the animals that she brought to life through her artwork! TK through 3rd grade will be drawing different versions of "Peter Rabbit." Fourth and fifth graders will incorporate personification in their drawings of animals! We will also learn about the first African American female cartoonist, Jackie Ormes! In addition, we will explore the work of Stan Lee, to create our own comic strips or superhero characters! Last but DEFINITELY not least, we will learn about animator Walt Disney! We will be drawing some of the most beloved Disney characters!
