Dr. Eboni Kemp, Principal

Diocelina Van Belle, Assistant Principal

Dear Parents/Guardians,

Welcome back to school Kordyak Lion Cubs!!! We are so excited to have our amazing scholars back at school for in-person learning. As we enter into the 2021-2022 academic school year, it is truly important that we work together as one to ensure our scholars have the safest and healthiest transition possible as they return. The health and safety of all of our school community stakeholders is our number one priority.

In order to provide a safe, nurturing and engaging learning environment for our scholars, Kordyak must make certain that we have all the necessary precautions established. Therefore, listed are the following changes that have occurred for the betterment of each scholar:

- All scholars must have a mask on to enter campus and must be worn throughout the school day. Masks may only be removed to eat breakfast & lunch, and when playing outside during recess, lunch, and physical education.
- All adults on Kordyak's campus will be required to wear a mask at all times, including arrival and dismissal times of scholars.
- Scholars may arrive to Kordyak at 7:15 am. Please do not leave any scholar unattended until temperature has been taken. In addition, students may not be dropped off prior to 7:20 am.
- Scholars should be picked up immediately after dismissal by parent/guardian or caregiver.
- Breakfast and lunch will be served to all of our scholars. We will be reducing the number of scholars eating inside of the cafeteria when the weather permits.
- Until further notice, parent volunteers will not be allowed on-campus. However, we would like to encourage parents to complete the Parent Volunteer Application.
- PLEASE make sure Kordyak has all of your updated phone numbers. California's Education Code requires that all parents/guardians provide schools with updated and working phone numbers.
- Scholars are strongly encouraged to bring a refillable water bottle to school. Kordyak has refillable water dispensing stations for our scholars.
- If your scholar has their Chromebook or hard cover textbooks from the 2020-2021 academic school year, please return them to Kordyak ASAP.

Throughout the school year, Kordyak will go over and beyond to ensure that we effectively communicate with all of our school community stakeholders. We will communicate through Blackboard Phone Messages, Remind App, school website, and personal phone calls. If you have any questions, always feel free to contact the school at (909) 421-4203, or email me (Dr. Eboni Kemp, Principal) at [ekemp@rialtousd.org](mailto:ekemp@rialtousd.org).

Kordyak Elementary School will do whatever is necessary for our scholars to have an amazing 2021-2022 academic school year. Though we cannot predict what the future may hold in regards to COVID19, our staff members at Kordyak are prepared to address any challenges ahead as a united front. In addition, we will remain committed to providing our scholars with the academic, behavior, and social-emotional support needed to ensure their academic journey is fulfilling.

Thank you as always for your ongoing support. Enjoy your day and the remainder of your summer vacation!

Sincerely,

Dr. Eboni Kemp  
Principal
