

How to find your State Student ID number in StudentVUE

Remember, your SSID is different from your Milor/Zupanic ID number.

The following screenshots will show you how to find your SSID. If you haven't logged in to StudentVUE in a while and can't remember your password, you will need to email Ms. Cleveland and ask her to reset it. Please include your Milor/Zupanic ID in your email.

Her email is rlevela@rialtousd.org

Once you have logged in, you will see the following. Circled in red is where you need to click.

The screenshot shows the StudentVUE interface. At the top right, there are links for 'Streams', 'My Account', 'Help', and 'Close'. Below these, it says 'Rialto Unified School District' and 'Good afternoon,'. The main content area is titled 'STUDENT INFO' and contains a table of 'Student Information'. The table has several rows with fields like Student Name, Perm ID, Gender, Grade, Home Address, Last Name Goes By, Nick Name, Birth Date, Email, Phone, Spoken to Student at Home (Ill), Track, School Name (Eisenhower High School), Homeroom Teacher, Room Name, and Counselor Name. On the left sidebar, the 'Student Info' menu item is circled in red.

Scroll to the bottom and you will see the following. The SSID is circled in red.

The screenshot shows the 'Student Locker' section. It has a table with columns for 'Locker Number', 'Type', 'Location', 'Vertical Location', and 'Combination'. Below the table, it says 'No student locker information provided'. At the bottom, there is an 'Other Data' section, which is circled in red. Inside this section, the 'SSID' field is also circled in red.
