

A Big Brothers Big Sisters mentorship program with

Preston ELEMENTARY SCHOOL

OUR MISSION

Big Brothers Big Sisters matches youth facing adversity one-to-one with a caring mentor. Through these strong and enduring, professionally supported relationships, a child's potential is ignited.

In this one-to-one peer mentoring program, Preston Elementary School students in 1st through 6th grades are mentored by students from Eisenhower High School.

For the 2020-2021 school year, meetings will take place virtually every other week in the afternoon through Zoom. We are excited to continue to provide the High School Bigs program in a time when connection is even more important.

Every meeting is facilitated and supported by a bilingual **Big Brothers Big Sisters** team member and features a curriculum designed specifically for peer-to-peer mentoring.

Topics include:

- Academic achievement
- Emotional Intelligence
- College and Career Readiness
- Bullying, self-esteem, and relationship building blocks
