

UNITED HEALTHCARE NETWORK UPDATE: Please see below for providers added to the SignatureValue HARMONY network for 2022-2023

SignatureValue Harmony helps make it easier for members to get convenient care from a network of quality physicians. They can choose from nearly 17,000* physicians and over 175* primary hospitals in these Southern California counties: Los Angeles, Orange, Riverside, San Bernardino and San Diego.

A network based on performance

SignatureValue Harmony offers a performance network with a more integrated physician-driven care experience, supported by shared data and streamlined processes. Members can choose from a selection of physicians and hospitals within Southern California.

The SignatureValue Harmony network features these physician groups:

Note: AppleCare, HealthCare Partners and Monarch Healthcare are now Optum.
