### Home Use of the Internet for Learning

Parent involvement and supervision are critical to ensuring your child's safety on the Internet. Rialto Unified assists you in this by providing home access to resources that support your child's learning. The following are examples of the resources available at home as well as school:

- Online Library Catalog: search for books in the school library by reading level or topic. Print a list to take to school the next day.
- Research tools: students can research a topic using safe, educational resources provided by the District. Access online encyclopedias, magazines, newspapers, and other reference works. These resources also provide links to external websites that have been reviewed for educational appropriateness.
- School Website: your school's webpage provides direct access to the aforementioned resources and class webpages where teachers can post additional resources selected to support your child's learning. Go to [www.rialto.k12.ca.us](http://www.rialto.k12.ca.us) and click "Schools" in the left sidebar to locate a school's webpage.

Please contact your child's school if you have any questions regarding these resources. We hope you find them valuable when using the Internet at home to support your child's learning.
