

CHAPTER V

SCHOOLWIDE ACTION PLAN

- A. **Revise the single schoolwide action plan, i.e., Single Plan for Student Achievement. Ensure the plan is aligned with the Local Control and Accountability Plan.**
- B. **State any additional specific strategies to be used by staff within each subject area/support program to support sections of the schoolwide action plan.**
- C. **Describe the school's follow-up process, ensuring an ongoing improvement process.**

Formal action plans from each Home Group are not necessary; the critical emphasis is the consensus and commitment from all shareholders to implementing the various sections of the schoolwide action plan.

The following schoolwide strengths and action plan emerged from ongoing dialogue and consensus within the Professional Learning Communities (PLCs), and School Site Council (SSC). Staff members have assessed and updated the current action plan during the 2019-2020 school year in preparation for this self-assessment report. This action plan has compared current needs with prior goals identified in the Mid-Cycle visit in 2017. In summary, it is clear we are going to continue pursuing our previously stated goals but also find ways of integrating them within our current initiatives, school and district policies and School Plan for Student Achievement.
