C. COMMENTS

C.1 PUBLIC COMMENTS NOT ON THE AGENDA

At this time, any person wishing to speak on any item not on the Agenda will be granted three minutes.

Damon Alexander, San Bernardino City Councilman, indicated that he came to support Mr. Joseph Williams as recipient of the Key to the District. He shared his admiration for Mr. Williams, who takes his job very seriously and has always been children oriented. He knows this dedication is hard to find. He understands this presentation will be moved to the next Board Meeting but due to other commitments, he will not be able to attend, and therefore wanted to take a minute to congratulate him tonight.

Evelyn Dominguez, Boyd Elementary School Parent of two Rialto USD scholars and member of Alianza Latina, extended an invitation to the Board and community to join them as they celebrate Earth Day on April 21, 2022, at 5:00 p.m. at Rialto Middle School. She indicated that Alianza Latina in collaboration with the Center of Community Action and Environmental Justice would be focusing on environmental justice and Rialto's school gardens, to showcase the hard work of the students. She shared the benefits and importance of these gardens to the community, and encouraged everyone to come out and celebrate Mother Earth.

Dr. Ted Campos, Rialto USD Teacher, introduced himself as one of the amazing teachers that Mr. Tobin Brinker mentioned. He shared that he has a Ph.D. in education with an emphasis in higher education and student

affairs from Claremont Graduate University. He started his teaching career in 1990 and has been a teacher in Rialto USD since 1993. He said that during his career, he has worked at all grade levels and shared the different schools where he has worked.

Dr. Campos indicated that during his tenure with the District, he has seen highs and lows. He indicated that the modifications to the grading policy and the verbiage on Board Policy 5145.9 on Hate Motivated Behaviors on this agenda are indicators that the District is not heading on the right direction. He questions the process on lowering the grade standards. He shared his experience as a student of Mr. Escalante at Garfield High School who would push them not to give up on themselves, but he did not lower the standard. He feels that often districts bend the bar for the sake of appearances. When questioned by administration as to why he has so many D's and F's, he tells them that his grades are a representation of student's mastery of California standards. He shared an example of one of his students. He encourages the District to adopt a metric that uses grades, growth, standardized test, attendance, and work completion and related indicators as the measure of student learning and teacher effectiveness.

Tobin Brinker, Frisbie Middle School Teacher, thanked Dr. Ted Campos for speaking out tonight. He shared that over the last two weeks he had the opportunity to be out during some of the District events. He was at Rialto High School during the prom dress giveaway and was very impressed. He was able to help out and thanked everyone who was part of this amazing event. He also thanked the Board for listening and putting a pause on the standard-based grading and take the 50% rule and disable it from the system. He thanked the Superintendent for gaining some credibility from the teachers and for making; them feel part of the process.

Mr. Brinker said that he has been part of the grading committee and has been able to attend the meeting. However, he feels that it has been more of a sales pitch and one-sided conversation. He wishes there was more opportunity for people to get their questions answered. Many times they ask questions and are just told they will get back to them. He talked about going through this process in the past and the fact that it was a disaster. He also shared the increased violence at the school sites and said that teachers do not feel safe. He requested that the Board consider the idea of suspending the use of cell phones by students for one or two months at the end of this school year. He said that the cell phones are not helping the students and something needs to be done.

Michael Montano, Rialto High School Teacher, shared that he wanted to echo what Mr. Brinker said regarding the 50% grading policy and standardized grading. He also thanked the District for slowing the process to get this done correctly. He said that he was notified by teachers that the default in Synergy was actually at 55% and wanted to bring that to the District's attention, in hopes that this was just an honest mistake.

Mr. Montano also wanted to thank Rhonda Kramer and Dr. Rhea McIver Gibbs for allowing him to work with CTA on putting together a summit to re-engaged teachers. He also wanted to bring to the District's attention, his concern of hearing that many teachers are leaving the District. He is requesting something be done to encourage teachers to stay and not lose them to other Districts.

C.2 PUBLIC COMMENTS ON AGENDA ITEMS

Any person wishing to speak on any item on the Agenda will be granted three minutes.

None.

C.3 COMMENTS FROM ASSOCIATION EXECUTIVE BOARD MEMBERS

Rialto Education Association (REA), California School Employees Association (CSEA), Communications Workers of America (CWA), Rialto School Managers Association (RSMA).

Miesha Calloway, Rialto Education Association President, thanked all the amazing union members, as they get ready to wrap up the end of the school year. She reminded them to stay strong. She is focused on improving things as she prepare for next year. She shared that there are many concerns to be discussed, but one major concern is safety throughout every level. She said that the safety department has been doing a great job in providing teachers with resources, including conducting a safety workshop for union members. She shared concerns with Rialto Middle School and the fact that police have had to visit the school several times recently due to student incidents. She is concerned that administration is not communicating with teachers and therefore, teachers are finding out about these incidents from students. These incidents, according to Ms. Calloway, include BB guns, knives, and lighting of fireworks and throwing them into trash cans. She said that a huge concern to her was when she learned of a student having her face cut by another student with a tape dispenser. She indicated that this was a very traumatic incident, which students had to witness, and teachers told her that they received no

information from administration about the incident. She reiterated that teachers are the first line of defense, and questioned how the teachers are supposed to help the students when they have no idea what is going on. She requested that assistance be provided at Rialto Middle School and that teachers receive communication.

Chris Cordasco, California School Employees Association (CSEA) President, shared that past practice has been that union bargain members have not been limited to time when sharing their public comments and they should be allow to speak for as long as they need to speak. He also indicated that he was disappointed in some of the actions and decisions made by the Board. He will be sending a letter to the Board with his concerns and is hoping they can get together to resolve these issues.

Heather Estruch, Communications Workers of America (CWA) Chief Steward, shared that she is happy to continue with the school year, and she is hoping something can be done to assist with safety at the school sites and to resolve the grading policy to where everyone is in agreement.

Dr. Kyla Griffin, Rialto School Managers Association (RSMA), and Principal of Milor and Zupanic, voting is open until April 27, 2022 for three available positions of President Elect, Treasurer, and Classified Confidential Representatives. She also reminded her colleagues that they have five student scholarships that they will be awarding to Rialto USD students and reminded them to encourage students to apply. Also, the scholarship available to children/students of RSMA members, the deadline to apply is May 1, 2022.
